Hello Chris,

I have another question for you. It has come to our attention that El Dorado County has a set of ordinances that are specific to aircraft use on Cameron Park Air Estates joint use streets. I have included a link here: [Title 10 - VEHICLES AND TRAFFIC | Code of Ordinances | El Dorado County, CA | Municode Library](#) Chapter 10.20 AIRCRAFT USING STREETS. We are currently in the process of reviewing these ordinances with the county. My question is, What are Cal Trans Aeronautics views on county ordinances and enforcement?

If you have any additional question please call me at the number below.

Thank you,

Dominic Coutches

Dominic:

Glad to help with this. We support local codes unless they contravene state or federal law. As for enforcement, local ordinances allow local law enforcement to enforce local codes and CT Aero would not be involved.

We could have a larger discussion if you would like but that's the basics of it. Feel free to call me with any questions or if you need any further information.
